What is the time taken by the system to calculate all the nesting and cutting of the parts?

Basicas · https://cortecerto.com/en/docs/what-is-the-time-taken-by-the-system-to-calculate-all-the-nesting-and-cutting-of-the-parts/

Time depends on three factors: The number of pieces of different sizes; How many sheets of different dimensions are enabled for cutting; The processing power and memory of the computer. In most practical cases, the complete calculation takes from a few seconds to a few minutes to complete.
